New Orleans October 31.—Cotton futures opened steady at an advance of 15@20 points on good cables, reports of snew, rain and frost in the extreme western belt and prospects of more frosty weather to-night over the entire western half or the cotton region. Shorts covered in great confusion, and the bulk side bought heavily. The close was steady at a net advance of 15w15 points. Around the middle of the morning the market developed a very strong tone, and all offerings were readily absorbed. Purchases appeared to be about evenly divided between the two accounts. At the highest the trading months were 25w34 points over yesterday's last quotations. Realizing became very heavy in the afternoon, and finally reached such dimensions that the market acquired a soft tone. Spot cotton steady, acc up; middling, 117-15c. Sales on the spot [1290 bales and 3.900 to arrive. Closing futures: November, II.44; December, II.45; January, II.47; March, II.65; May, 11.75; July, 11.55

Phi Delta Phi fraternity. Justice Lamar stated to the representatives of the law fraternity who went to Washington that it is the rule for justices to refuse an invitation of this nature, but that he desired above all things to vis't Virginia, of which institution both his son and brother are alumni. The justice himself received part of his legal education from Professor Charles A. Graves, at Washington and Lee University. Justice Lamar asked for a week's sity. Justice Lamar asked for a week's time in which to decide upon his re-ply, which will be governed alone by the dime which he can spare.

SIGNAGO PIRE AT BRISTOL

Plant of Robitone Entract Company is Beneficial to The Times-Dispatch.]

Ristol, Va., October 31.—Early this morning fire destroyed the plant of the Holstone Extract Company, one of Bristol's largest industries and the property of Charles A. Schieren & Co. of New York. The loss is estimated at \$100,000, with partial insurance.

The blaze started in the chipperroom and spread rapidly throughout the building. The firemen were unable to do anything towards saving the property, and their efforts were devoted to protecting the extensive bark sineds and the large tannery of the same company located nearby. The loss includes machinary and a large quantity of extract. The plant will be rebuild.
